AIR CONVECTION

Welcome to the Air Fryer Kitchen

Welcome to the definitive collection of 100 recipes engineered from the ground up for air fryer mastery. Whether you crave nostalgic street-side samosas, sizzling tandoori skewers, fluffy breakfast cutlets, or guilt-free festive sweets—this book provides exact temperatures, minute-by-minute milestones, and tested oil-brush techniques for authentic, restaurant-grade results.

Why Air Fryer Cooking Is Healthier

Up to 80–85% Less Dietary Fat

Submerging food into boiling oil causes porous batters to absorb excess lipids. A micro-mist of oil (under 1 teaspoon across an entire batch) triggers the identical Maillard reaction with 85% fewer calories.

Acrylamide Mitigation

Erratic stovetop frying temperatures can cause excessive acrylamide formation on starchy root vegetables. The air fryer maintains precise thermodynamic thresholds to prevent scorching.

Nutrient & Vitamin Retention

Water-soluble vitamins (Vitamin C and B-complex in peppers, okra, and spinach) degrade during prolonged shallow frying or boiling. Rapid dry convection seals phytonutrients in half the cook time.

Light & Effortless Digestion

Heavy deep-fried snacks leave a feeling of lethargy. Air-fried snacks preserve the pure, vibrant aromas of spices (cumin, ajwain, chaat masala, kasuri methi) while leaving you feeling energized.

The 7 Golden Rules for Maximum Crisp

1. Always Preheat (3 to 4 Minutes)
A hot basket immediately sets the exterior crust, sealing moisture inside before it can soften the exterior.

2. Never Crowd the Basket (Respect Cyclonic Airflow)
Keep 0.5 inches (1.5 cm) clearance between cutlets and samosas. Cook in two fast batches rather than one soggy batch.

3. The 5-Minute Oil Brush Rule
Don't drench food upfront. Brush or mist with oil at the midpoint flip to blister the crust with under 1 teaspoon total oil.

4. Bone-Dry Surfaces Crisp Best
Pat paneer, tofu, and parboiled potatoes completely dry with paper towels. Excess water creates steam instead of crispiness.

5. The Rice Flour / Cornstarch Shield
Dredge pakoras, cutlets, and bhindi in 1 tablespoon of rice flour or fine cornstarch for a shatteringly crisp micro-crust.

🌅 SECTION COLLECTION

Breakfast

Crispy morning cutlets, savory cheelas, spiced idli bites, and blistered parathas prepared with minimal oil.

💡 CHEF'S GUIDELINES FOR BREAKFAST

Every recipe in this Breakfast collection includes precision temperature calibrations for both Celsius and Fahrenheit, recommended basket arrangements, flipping milestones, and pairing suggestions. Ensure you preheat the basket for at least 3 minutes before inserting chilled patties or pastries.

Vegetable Poha Cutlets

Crisp flattened rice patties packed with sweet green peas, grated carrots, and zesty ginger-green chili seasoning, air-fried to a crunchy golden crust with just a teaspoon of oil.

180°C / 360°F	14 mins	15 mins	4	165 kcal	P: 4.5g | C: 28g
AIR FRYER TEMP	COOK TIME	PREP TIME	SERVINGS	CALORIES	KEY MACROS

🛒 Ingredients

- 1.5 cups Thick Poha (flattened rice), rinsed and drained
- 2 medium Potatoes, boiled and mashed smooth
- 1/2 cup Finely chopped mixed vegetables (carrots, green peas, sweet corn)
- 1 Green chili, finely chopped
- 1 tsp Fresh ginger, grated
- 1/2 tsp Cumin powder (jeera)
- 1/2 tsp Chaat masala
- 1/2 tsp Garam masala
- 2 tbsp Fresh coriander leaves, chopped
- 1 tbsp Roasted peanut powder (for extra crunch)
- 1 tbsp Rice flour or cornstarch (for binding)
- 1.5 tsp Cooking oil / cooking spray
- Salt to taste

🥢 **Dip & Pairing:** Zesty Mint-Coriander Chutney and Sweet Tamarind Date Dip.

👩‍🍳 Step-by-Step Air Frying Method

1. Rinse poha in a colander for 30 seconds; let it rest for 5 minutes until soft and pliable. Squeeze excess moisture gently.
2. In a mixing bowl, combine softened poha, mashed potatoes, veggies, green chili, ginger, peanut powder, spices, salt, and rice flour. Knead gently into a cohesive dough.
3. Shape the mixture into 8 uniform round cutlets or oval patties (approx. 1/2–inch thickness). Brush tops lightly with oil.
4. Preheat the air fryer to 180°C (360°F) for 4 minutes.
5. Arrange cutlets in a single layer in the air fryer basket leaving 1/2 inch space between each. Air fry at 180°C for 8 minutes.
6. Carefully flip cutlets with a silicone spatula, apply a feather-light brush of oil on top, and air fry for an additional 5–6 minutes until blistered golden and crisp.
7. Rest on the basket for 2 minutes before serving hot.

💡 **Air Fryer Secret:** Do not soak poha in stagnant water; rinse and let residual steam soften it so the mixture doesn't get soggy. If patties feel wet, add 1 extra tablespoon of roasted besan or rice flour.

Masala Oats Idli Bites

Nutrient-rich rolled oats and semolina mini idlis tempered with mustard seeds, curry leaves, and crunchy carrots, air-fried in silicone muffin cups for a crispy-edged, pillowy interior.

175°C / 350°F	10 mins	15 mins	4	140 kcal	P: 5.5g | C: 22g
AIR FRYER TEMP	COOK TIME	PREP TIME	SERVINGS	CALORIES	KEY MACROS

🛒 Ingredients

- 1 cup Rolled oats, dry roasted and powdered coarsely
- 1/2 cup Semolina (Rava / Sooji)
- 3/4 cup Whisked fresh yogurt (dahi)
- 1/2 cup Water (adjusted for batter consistency)
- 1/4 cup Grated carrot and finely chopped capsicum
- 1 tsp Mustard seeds (rai)
- 1 tsp Urad dal (split black gram)
- 8–10 Fresh curry leaves, torn
- 1 Green chili, minced
- 1/2 tsp Fruit salt (Eno) or baking soda
- 1 tsp Oil for tempering
- Salt to taste

// **Dip & Pairing:** Fresh Coconut Chutney and Hot Sambar.

👩‍🍳 Step-by-Step Air Frying Method

1. Heat 1 tsp oil in a pan; splutter mustard seeds, urad dal, curry leaves, and green chili. Add rava and roasted oat powder; roast on low flame for 2 minutes until aromatic.
2. Transfer to a bowl, cool slightly, then stir in yogurt, grated carrot, capsicum, salt, and water to form an idli-like thick batter. Rest for 10 minutes.
3. Preheat the air fryer to 175°C (350°F) for 4 minutes.
4. Just before cooking, sprinkle Eno fruit salt and 1 tsp water over batter; stir gently until frothy.
5. Spoon batter into silicone mini-muffin cups (filling 3/4 full). Place silicone cups directly into the air fryer basket.
6. Air fry at 175°C for 9–10 minutes until a toothpick inserted in the center comes out clean and the tops are slightly golden.
7. Unmold after cooling for 2 minutes and serve warm.

💡 **Air Fryer Secret:** Silicone muffin molds work magic in air fryers for steamed-style breakfast bites. They circulate hot air around the edges, creating a pleasant golden crust.

Stuffed Paratha (Low Oil)

Flaky whole wheat parathas stuffed with spiced potatoes and cauliflower, crisped in the air fryer to golden blistered perfection with just a light ghee brush.

190°C / 375°F	12 mins	20 mins	2	210 kcal	P: 6g | C: 36g
AIR FRYER TEMP	COOK TIME	PREP TIME	SERVINGS	CALORIES	KEY MACROS

🛒 Ingredients

- 1 cup Whole wheat flour (gehun ka atta) + extra for dusting
- 1/2 cup Warm water (for soft dough kneading)
- 1 cup Boiled potato or grated spiced paneer/cauliflower filling
- 1/2 tsp Ajwain (carom seeds)
- 1/2 tsp Red chili powder
- 1/2 tsp Amchur (dry mango powder)
- 1 tbsp Chopped coriander leaves
- 1.5 tsp Desi ghee or olive oil for brushing
- Salt to taste

// **Dip & Pairing:** Thick Masala Dahi (Spiced Yogurt) and Mixed Mango Pickle.

👩‍🍳 Step-by-Step Air Frying Method

1. Knead wheat flour, ajwain, salt, and water into a smooth, pliable dough. Cover with a damp cloth and rest for 15 minutes.
2. Prepare filling: mix mashed potato/paneer with dry spices, coriander, and salt.
3. Divide dough into balls. Roll out a 4-inch disc, place 2 tablespoons of filling in center, seal edges into a dumpling, flatten, and roll gently into a 6-inch paratha (1/4-inch thick).
4. Preheat air fryer to 190°C (375°F) for 4 minutes.
5. Lightly brush both sides of the paratha with 1/4 tsp ghee.
6. Place paratha on the air fryer crisper tray. Air fry for 6 minutes, flip gently with silicone tongs, brush the reverse side with another 1/4 tsp ghee, and fry for 4–5 minutes until golden brown spots appear.
7. Serve piping hot right out of the air fryer.

💡 **Air Fryer Secret:** Roll parathas evenly without bursting edges. If parathas puff up and touch the upper heating coil, use a lightweight air fryer grill rack or fork prick to release excess steam.

Air Fryer Vegetable Uttapam Bites

Mini bite-sized fermented rice-lentil uttapams studded with crunchy tomatoes, onions, capsicum, and curry leaves, baked into crisp-bottomed snacks.

180°C / 360°F	12 mins	10 mins	4	135 kcal	P: 4g | C: 24g
AIR FRYER TEMP	COOK TIME	PREP TIME	SERVINGS	CALORIES	KEY MACROS

🛒 Ingredients

- 1.5 cups Fermented Dosa/Idli batter (thick consistency)
- 1 small Onion, finely chopped
- 1 small Tomato, deseeded and diced
- 1/4 cup Capsicum, finely minced
- 1 Green chili, chopped
- 2 tbsp Coriander leaves, chopped
- 1/2 tsp Podi (gunpowder spice) - optional
- 1 tsp Sesame oil or ghee
- Salt to taste

// **Dip & Pairing:** Spicy Tomato-Onion Kara Chutney and Coconut Chutney.

👩‍🍳 Step-by-Step Air Frying Method

1. Preheat air fryer to 180°C (360°F) for 4 minutes.
2. Grease 4–6 shallow silicone tart molds or small heatproof ramekins with drops of sesame oil.
3. Pour 2.5 tablespoons of thick idli/dosa batter into each mold.
4. Top generously with onions, tomatoes, capsicum, chili, and coriander. Press vegetables lightly into the batter. Sprinkle a pinch of idli podi.
5. Place molds into the air fryer basket. Cook at 180°C for 8 minutes.
6. Mist a tiny touch of ghee over top and bake for another 3–4 minutes until edges are crisp and center is fully cooked.
7. Pop uttapam bites out of molds and serve warm.

💡 **Air Fryer Secret:** Keep the dosa batter thicker than normal crepe consistency so toppings don't sink to the bottom. Silicone molds keep the round shape intact.

Air Fryer Moong Dal Cheela Rolls

High-protein yellow moong lentil crepes rolled around a spiced crumbled paneer and vegetable filling, air-crisped until outer crust is crackly and warm.

180°C / 360°F	10 mins	15 mins + soaking	3	180 kcal	P: 9.5g | C: 24g
AIR FRYER TEMP	COOK TIME	PREP TIME	SERVINGS	CALORIES	KEY MACROS

🛒 Ingredients

- 1 cup Split yellow moong dal, soaked for 2 hours and drained
- 1 inch Ginger + 1 Green chili (ground with dal)
- 1/4 tsp Turmeric powder
- 1/2 tsp Cumin seeds
- 1/2 cup Crumbled low-fat paneer or tofu
- 1/4 cup Grated carrot and shredded cabbage
- 1/2 tsp Chaat masala
- 1 tsp Olive oil
- Salt to taste

// **Dip & Pairing:** Tangy Green Mint Chutney and Sweet Date Tamarind Sauce.

👩‍🍳 Step-by-Step Air Frying Method

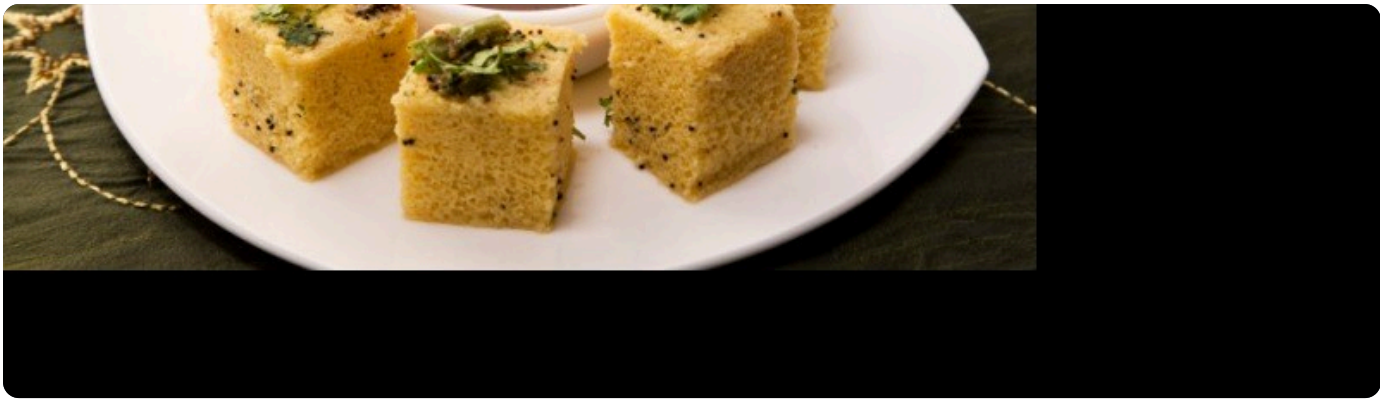

1. Blend soaked moong dal with ginger, chili, and 1/3 cup water into a smooth spreadable batter. Season with turmeric, cumin, and salt.
2. Quickly cook thin cheelas on a non-stick skillet for 1 minute per side (just enough to set the wrap).
3. Mix crumbled paneer, grated carrot, cabbage, and chaat masala in a bowl.
4. Place 3 tablespoons of filling along the centerline of each cheela, fold sides inward, and roll tightly into cylinders.
5. Preheat the air fryer to 180°C (360°F) for 3 minutes.
6. Brush rolls lightly with olive oil and place seam-side down in the air fryer basket.
7. Air fry at 180°C for 9–10 minutes, flipping at minute 5, until the exterior becomes wonderfully crunchy and golden.
8. Slice diagonally into pinwheels and serve.

💡 **Air Fryer Secret:** Pre-setting the cheela wrap on a pan ensures you can roll it tightly with paneer before air frying makes the exterior delightfully flaky.

Air Fryer Vegetable Dhokla Bites

Fluffy, spongy gram flour dhoklas infused with finely diced bell peppers and green peas, baked gently in silicone ramekins and drizzled with a fragrant mustard-curry leaf tempering.

160°C / 320°F	14 mins	15 mins	4	150 kcal	P: 6g | C: 22g
AIR FRYER TEMP	COOK TIME	PREP TIME	SERVINGS	CALORIES	KEY MACROS

🛒 Ingredients

- 1 cup Besan (gram flour), sifted
- 1 tbsp Fine semolina (rava)
- 1 tbsp Lemon juice
- 1 tsp Ginger-green chili paste
- 1/4 tsp Turmeric powder
- 1/2 cup Water + 2 tbsp (for batter)
- 1/4 cup Finely diced colorful bell peppers
- 1 packet (5g) Eno fruit salt
- For Tempering: 1 tsp oil, 1 tsp mustard seeds, 8 curry leaves, 2 slit green chilies, 1/4 cup water, 1 tsp sugar, pinch of salt

// **Dip & Pairing:** Spicy Raw Papaya Sambharo and Tangy Green Chutney.

👩‍🍳 Step-by-Step Air Frying Method

1. Whisk besan, rava, lemon juice, ginger-chili paste, turmeric, salt, and water into a smooth lump-free batter. Rest for 10 minutes, then fold in diced peppers.
2. Preheat air fryer to 160°C (320°F) for 4 minutes.
3. Add Eno fruit salt to the batter, add 1 tsp water on top, and whisk briskly in one direction until the batter doubles in volume and becomes airy.
4. Immediately pour batter into greased silicone muffin molds (filling 2/3 full).
5. Place silicone molds in air fryer basket. Cover molds loosely with a sheet of foil to retain steam for the first 8 minutes.
6. Remove foil and air fry for an additional 5–6 minutes at 160°C until a skewer comes out clean.
7. Prepare tempering in a small saucepan, boil for 1 minute, and spoon evenly over hot dhoklas. Let dhoklas absorb the sweet-savory syrup for 3 minutes before serving.

💡 **Air Fryer Secret:** Covering the molds with foil for the first half of cooking traps steam inside the air fryer, ensuring sponge-like lightness without drying out.

Air Fryer Rava Toast

Crisp whole wheat bread slices topped with a spiced semolina, yogurt, onion, and bell pepper crust, air-fried until the rava top is sizzled golden brown and bread base is ultra-crunchy.

180°C / 360°F	9 mins	10 mins	3	190 kcal	P: 5g | C: 32g
AIR FRYER TEMP	COOK TIME	PREP TIME	SERVINGS	CALORIES	KEY MACROS

🛒 Ingredients

- 6 slices Whole wheat or multigrain bread
- 1/2 cup Semolina (Sooji / Rava)
- 1/3 cup Thick fresh yogurt (curd)
- 1 small Onion, finely chopped
- 1/2 Tomato, deseeded and finely chopped
- 1/4 cup Capsicum, finely minced
- 1 Green chili, finely chopped
- 2 tbsp Coriander leaves, minced
- 1/2 tsp Chaat masala & 1/4 tsp black pepper
- 1 tsp Butter or ghee for brushing
- Salt to taste

🥢 **Dip & Pairing:** Classic Tomato Ketchup and Pudina Chutney.

🍳 Step-by-Step Air Frying Method

1. In a bowl, mix rava, curd, chopped vegetables, chili, coriander, chaat masala, pepper, and salt. Add 2 tablespoons of water if needed to make a thick, spreadable paste. Let rest 5 minutes.
2. Preheat air fryer to 180°C (360°F) for 3 minutes.
3. Spread 2 tablespoons of the rava mixture evenly over one side of each bread slice, pressing gently to adhere.
4. Lightly brush the bottom of the bread with drops of ghee/butter.
5. Place 2–3 slices in the air fryer basket with the rava topping facing upward.
6. Air fry at 180°C for 6 minutes, then flip carefully and air fry for 2–3 minutes to crisp the bread underside.
7. Flip back to check the rava crust; it should be bubbly and speckled golden. Cut into triangles and serve immediately.

💡 **Air Fryer Secret:** Do not make the rava batter watery or it will soak the bread. It must be thick like cream cheese so it forms a crisp crust on top.

Air Fryer Sabudana Vada

The quintessential Maharashtrian fasting delicacy made shatteringly crisp in the air fryer with 90% less oil. Tapioca pearls bonded with roasted crushed peanuts and boiled potatoes.

190°C / 375°F	16 mins	15 mins + soaking	4	210 kcal	P: 4.2g | C: 38g
AIR FRYER TEMP	COOK TIME	PREP TIME	SERVINGS	CALORIES	KEY MACROS

🛒 Ingredients

- 1 cup Sabudana (tapioca pearls), rinsed and soaked in equal water for 5 hours
- 2 medium Potatoes, boiled, peeled, and mashed well
- 1/2 cup Roasted peanuts, coarsely crushed
- 2 Green chilies, finely minced
- 1 tsp Cumin seeds (jeera)
- 1 tbsp Lemon juice
- 2 tbsp Fresh coriander leaves, chopped (or sendha namak herbs)
- 1 tsp Rock salt (sendha namak) or regular salt
- 1 tbsp Peanut oil or ghee for brushing

// **Dip & Pairing:** Sweet Fasting Curd Dip (Dahi with sugar & roasted cumin) or Green Peanut Chutney.

👩‍🍳 Step-by-Step Air Frying Method

1. Test sabudana: a pearl pressed between thumb and forefinger should mash completely with no hard center.
2. In a bowl, combine drained sabudana, mashed potatoes, coarsely crushed peanuts, green chilies, cumin seeds, lemon juice, salt, and coriander. Mix thoroughly into a non-sticky dough.
3. Grease palms with peanut oil and shape into 8 flat, circular patties (about 1/2-inch thick). Patties should have smooth edges without cracks to prevent burst pearls.
4. Preheat the air fryer to 190°C (375°F) for 4 minutes.
5. Brush both sides of each vada with peanut oil.
6. Arrange vadas in the basket with space between each. Air fry at 190°C for 10 minutes.
7. Flip vadas with tongs, lightly brush with oil, and air fry for another 5–6 minutes until pearls turn translucent and the outer crust is crackling crisp.
8. Serve immediately while hot and crunchy.

💡 **Air Fryer Secret:** Crushed peanuts are essential—they absorb excess moisture and release natural peanut oils during air frying, giving that irresistible authentic deep-fried taste.

Air Fryer Methi Thepla Chips

Gujarati methi thepla dough rolled paper-thin, cut into triangular nachos, and air-fried into addictive, crunchy spiced chips that keep for weeks.

170°C / 340°F	9 mins	15 mins	4	130 kcal	P: 4g | C: 22g
AIR FRYER TEMP	COOK TIME	PREP TIME	SERVINGS	CALORIES	KEY MACROS

🛒 Ingredients

- 1 cup Whole wheat flour
- 2 tbsp Besan (gram flour)
- 1/2 cup Fresh fenugreek leaves (methi), finely chopped and washed
- 2 tbsp Whisked yogurt
- 1/2 tsp Turmeric powder
- 1/2 tsp Red chili powder
- 1/2 tsp Ajwain (carom seeds), crushed
- 1 tsp White sesame seeds (til)
- 1 tsp Oil for dough + cooking spray
- Salt to taste

🥢 **Dip & Pairing:** Spicy Chhundo (Sweet Mango Relish) or Masala Chai.

👩‍🍳 Step-by-Step Air Frying Method

1. In a bowl, combine wheat flour, besan, methi leaves, yogurt, spices, sesame seeds, ajwain, salt, and 1 tsp oil. Knead into a firm, smooth dough using minimal water.
2. Rest dough for 10 minutes. Divide into 4 balls.
3. Roll each ball out on a lightly floured surface as thinly as possible (like a papad or tortilla).
4. Prick the rolled sheet all over with a fork to prevent puffing. Cut into triangular chip shapes using a pizza cutter.
5. Preheat air fryer to 170°C (340°F) for 3 minutes.
6. Place chips in a single/slightly overlapping layer in the basket. Spray lightly with cooking oil.
7. Air fry at 170°C for 6 minutes, shake basket vigorously, and fry for 2–3 more minutes until crisp and golden brown.
8. Cool completely on a wire rack; chips will turn crispier as they cool.

💡 **Air Fryer Secret:** Pricking with a fork is mandatory! Without pricking, the chips will puff into hollow balls instead of staying flat and crispy.

Air Fryer Vegetable Besan Omelette

7. Brush a few drops of oil on top, carefully flip using a wide spatula, and air fry for 3 minutes to brown the underside.

Air Fryer Bread Pizza Toast

Crusty bread toasts layered with spiced pizza sauce, crunchy bell peppers, sweet corn, and bubbly melted mozzarella cheese with browned, bubbly edges.

180°C / 360°F	7 mins	10 mins	2	220 kcal	P: 8.5g | C: 28g
AIR FRYER TEMP	COOK TIME	PREP TIME	SERVINGS	CALORIES	KEY MACROS

🛒 Ingredients

- 4 slices Sourdough or whole wheat bread
- 3 tbsp Pizza pasta sauce or spiced tomato-herb spread
- 1/2 cup Shredded mozzarella cheese
- 1/4 cup Finely diced colorful bell peppers
- 2 tbsp Sweet corn kernels
- 2 tbsp Finely sliced red onions
- 1/2 tsp Dried oregano & chili flakes
- 1 tsp Olive oil / butter
- Salt to taste

// **Dip & Pairing:** Chili-Garlic Mayo or Herb Dip.

👩‍🍳 Step-by-Step Air Frying Method

1. Preheat air fryer to 180°C (360°F) for 3 minutes.
2. Lightly toast the bread slices in the air fryer for 2 minutes to crisp the bottom (this prevents sogginess from sauce).
3. Spread 1 tablespoon of pizza sauce evenly over each pre-toasted slice.
4. Scatter onions, bell peppers, and corn kernels. Season with a pinch of oregano and chili flakes.
5. Top generously with shredded mozzarella cheese, making sure cheese covers vegetables so they don't blow away under convection airflow.
6. Place bread slices into the air fryer basket.
7. Air fry at 180°C for 5–6 minutes until cheese is completely melted, bubbling, and golden brown in spots.
8. Slice diagonally and serve immediately.

💡 **Air Fryer Secret:** Always pre-toast the bread for 2 minutes before saucing. Convection fans can blow loose sliced toppings away, so melt cheese directly over veggies to lock them down.

Air Fryer Vegetable Frankie Rolls

Crisp rotis rolled with a spiced potato-veg cutlet filling, crunchy pickled vinegar onions, shredded cabbage, and authentic Frankie masala spice dust.

180°C / 360°F	9 mins	15 mins	3	230 kcal	P: 6g | C: 38g
AIR FRYER TEMP	COOK TIME	PREP TIME	SERVINGS	CALORIES	KEY MACROS

- 3 Whole wheat rotis or parathas (cooked)

- 1 tsp Oil for brushing

🥢 **Dip & Pairing:** Spicy Mint Chutney and Extra Pickled Onions.

1. If making potato filling fresh: shape boiled spiced potato into oblong cylinders and pre-cook in air fryer for 6 minutes at 190°C until crisp.
2. Lay each roti on a cutting board; spread 1 tsp mint chutney across the surface.
3. Place the crisp potato cylinder down the center.
4. Top with pickled vinegar onions, shredded cabbage, and a generous dusting of Frankie masala.
5. Fold the bottom edge up, roll tightly into a wrap, and secure with a toothpick if needed.
6. Preheat the air fryer to 180°C (360°F) for 3 minutes.
7. Brush the outer wrap with a light coat of oil and arrange seam-side down in the air fryer basket.
8. Air fry at 180°C for 6–8 minutes, turning once halfway through, until the outer roti shell is flaky and crunchy.
9. Wrap half in parchment paper and serve hot.

💡 **Air Fryer Secret:** Vinegar onions give street-style Frankie its signature zing. Placing rolls seam-side down first ensures they seal shut in the circulating air.

3. Place a potato stuffing log in the center of the damp flattened bread.
4. Fold edges around the filling and press firmly to seal into a smooth cylindrical roll. Repeat for all slices.
5. Preheat air fryer to 180°C (360°F) for 4 minutes.
6. Brush each roll lightly with cooking oil on all sides.
7. Place rolls in the air fryer basket without overcrowding. Air fry at 180°C for 8 minutes.
8. Flip rolls gently with tongs, brush a tiny touch of oil, and air fry for 4–5 minutes until deep golden and shatteringly crunchy.
9. Serve piping hot.

💡 **Air Fryer Secret:** Squeezing out every drop of water from the bread is crucial! Any retained moisture will cause steam inside the air fryer instead of a crunchy crust.

💡 **Air Fryer Secret:** Cold, refrigerated idlis work 100× better than freshly steamed ones because moisture has evaporated, allowing the air fryer to crisp the edges instantly.

4. Moisten top surface with drops of water; sprinkle kalonji and coriander leaves, pressing gently to adhere.
5. Preheat air fryer to 180°C (360°F) for 4 minutes.
6. Place kulcha in the basket. Air fry for 5 minutes.
7. Flip, brush lightly with butter/ghee, and air fry for 4–5 minutes until brown tandoor-like blisters form on both sides.
8. Brush with melted butter right out of the basket and crush gently between palms to release steam.

💡 **Air Fryer Secret:** Crushed anardana (pomegranate seeds) in the potato filling is the secret to authentic Amritsari flavor. Water helps coriander and nigella stick during high airflow.

7. Carefully flip each cutlet, brush underside lightly with oil, and air fry for another 5–6 minutes until the outer crust turns firmly crisp.

7. Flip gently with a spatula and air fry for another 3–4 minutes until both sides are evenly browned and shatteringly crisp.

AIR FRYER TEMP	COOK TIME	PREP TIME	SERVINGS	CALORIES	KEY MACROS

🛒 Ingredients

- 1.5 cups All-purpose flour (maida) or whole wheat pastry flour
- 3 tbsp Desi ghee or warm oil (moyen for flaky crust)
- 1/2 tsp Ajwain (carom seeds), crushed
- 1/3 cup Cold water (for stiff dough)

- 1/2 cup Boiled green peas
- 1 tbsp Chopped cashews and raisins (optional)
- 1 tbsp Ginger-green chili paste
- 1 tsp Coriander seeds, coarsely crushed
- 1/2 tsp Cumin seeds, 1/2 tsp garam masala, 1/2 tsp amchur powder
- 1 tbsp Oil for filling + 1 tbsp for brushing samosas

// **Dip & Pairing:** Zesty Mint-Coriander Chutney and Sweet Saunth (Tamarind Date) Chutney.

👩‍🍳 Step-by-Step Air Frying Method

1. Knead flour, ajwain, salt, and melted ghee with fingertips until it resembles breadcrumbs. Add cold water gradually to knead a stiff, firm dough. Rest 20 minutes under damp cloth.
2. Make filling: Sauté crushed coriander seeds, cumin, ginger-chili paste in 1 tbsp oil. Add green peas, crumbled potatoes, spices, and salt. Cook 3 minutes. Cool completely.
3. Divide dough into 4 balls. Roll each ball into an oval (1/8-inch thick). Cut into two halves. Form each half-circle into a cone, brush water on seam, and press firmly to seal.

5. Preheat air fryer to 180°C (360°F) for 4 minutes.
6. Brush each samosa generously on all sides with oil or melted ghee.
7. Place samosas upright or flat in the basket with space between them. Air fry at 180°C for 10 minutes.
8. Turn samosas over, brush lightly with oil on any pale spots, and air fry for another 5–6 minutes until deep golden brown with tiny pastry blisters.
9. Rest for 2 minutes before serving.

💡 **Air Fryer Secret:** The secret to flaky samosas is stiff dough with plenty of ghee moyen, and brushing with oil before air-frying so the circulating dry air creates authentic pastry blisters.

200°C / 400°F	11 mins	20 mins + marinating	3	220 kcal	P: 14g | C: 8g

- 1 large Capsicum (bell pepper), cut into 1-inch squares
- 1 large Red onion, cut into petals
- 1/2 cup Hung curd (thick Greek yogurt)
- 1.5 tbsp Roasted besan (gram flour)
- 1 tbsp Ginger-garlic paste
- 1 tbsp Mustard oil (essential for authentic aroma)

3. Thread paneer, bell pepper, and onion alternately onto soaked bamboo skewers (or place directly on air fryer rack).
4. Preheat the air fryer to 200°C (400°F) for 4 minutes.
5. Lightly mist the basket with oil and place skewers inside in a single layer.
6. Air fry at 200°C for 6 minutes.
7. Rotate skewers, brush with drops of melted butter/oil, and air fry for 4–5 minutes until edges are dark and slightly charred.
8. Sprinkle generously with chaat masala and fresh coriander before serving.

💡 **Air Fryer Secret:** High heat (200°C) for short duration is key! Cooking paneer at low heat or too long drives out moisture and makes it rubbery.

Crispy Okra (Bhindi Chips)

Tender fresh ladyfinger okra sliced into thin matchsticks, dusted with spiced chickpea and rice flour, and air-fried into addictive, non-slimy crunchy vegetable crisps.

180°C / 360°F	14 mins	15 mins	4	95 kcal	P: 3g | C: 14g
AIR FRYER TEMP	COOK TIME	PREP TIME	SERVINGS	CALORIES	KEY MACROS

- 300g Fresh okra (bhindi), washed and dried completely
- 2 tbsp Besan (gram flour)
- 1.5 tbsp Rice flour (for shatter-crunch)

1. Wipe every okra completely dry with a kitchen towel before slicing. Slit each okra lengthwise into 4 thin strips (juliennes). Remove large seed clusters.
2. Transfer sliced okra to a wide bowl; toss with 1 tbsp oil so spices can adhere.
3. Add besan, rice flour, chili powder, turmeric, amchur, cumin powder, and salt. Toss thoroughly until each okra strip is lightly coated with the flour mixture.
4. Preheat air fryer to 180°C (360°F) for 3 minutes.
5. Spread coated okra evenly into the air fryer basket (do not pack densely; cook in 2 batches if needed).
6. Air fry at 180°C for 8 minutes.
7. Shake the basket vigorously, spray a light mist of oil over any dry flour pockets, and air fry for another 5–6 minutes until ultra-crisp and rustic brown.
8. Sprinkle chaat masala immediately and toss in a warm bowl.

💡 **Air Fryer Secret:** Moisture is the enemy of crispy bhindi. Ensure the okra is bone dry before cutting, and use rice flour to keep it crunchy long after cooling.

2. In a mixing bowl, combine chopped spinach, sweet corn, mashed potatoes, paneer, chili, ginger, spices, salt, and 1 tbsp cornflour. Knead into a firm dough.
3. Shape mixture into 8 round cutlets.
4. Make a thin slurry with 1 tbsp cornflour and 3 tbsp water. Dip each cutlet in slurry, then dredge in crushed cornflakes, pressing gently so the flakes stick.
5. Preheat the air fryer to 185°C (365°F) for 3 minutes.
6. Brush or spray the coated cutlets with oil.
7. Place cutlets in the air fryer basket in a single layer. Air fry at 185°C for 7 minutes.
8. Flip gently with a spatula, mist tops with oil, and air fry for 5–6 more minutes until cornflake crust is crackling and golden brown.
9. Serve hot.

💡 **Air Fryer Secret:** Crushed cornflakes create an infinitely crispier crust in convection air fryers than plain breadcrumbs because of their lower moisture absorption.

Roasted Makhana & Peanuts

Crunchy popped lotus water lily seeds roasted with raw red-skin peanuts, curry leaves, and a fragrant pinch of turmeric and black salt.

160°C / 320°F	9 mins	5 mins	4	120 kcal	P: 4.5g | C: 16g
AIR FRYER TEMP	COOK TIME	PREP TIME	SERVINGS	CALORIES	KEY MACROS

🛒 Ingredients

- 3 cups Fox nuts (phool makhana / lotus seeds)
- 1/2 cup Raw red-skin peanuts
- 10–12 Fresh curry leaves
- 1 Green chili, slit lengthwise
- 1/2 tsp Turmeric powder
- 1/2 tsp Chaat masala
- 1/4 tsp Black pepper powder
- 1 tsp Desi ghee or coconut oil
- Rock salt (sendha namak) or black salt to taste

// **Dip & Pairing:** Enjoy as a standalone crunchy accompaniment with afternoon Masala Chai.

👩‍🍳 Step-by-Step Air Frying Method

1. In a large bowl, toss makhana and peanuts with 1 tsp melted ghee so spices will cling to the porous seeds.
2. Sprinkle turmeric, chaat masala, pepper, salt, torn curry leaves, and green chili. Toss well.
3. Preheat air fryer to 160°C (320°F) for 2 minutes.
4. Transfer spiced makhana and peanuts into the air fryer basket.
5. Air fry at 160°C for 5 minutes.
6. Pull out the basket and shake vigorously. Cook for an additional 3–4 minutes until a makhana pearl crushes cleanly between your fingers with a distinct snap.
7. Cool completely; store in an airtight glass container.

💡 **Air Fryer Secret:** Keep temperature strictly at 160°C. High temperatures burn the delicate outer shells of makhana before the inner moisture evaporates.

Vegetable Spring Rolls

Paper-thin spring roll wrappers packed with stir-fried crunchy cabbage, carrots, bell peppers, and scallions, air-fried until shatteringly crispy.

190°C / 375°F	13 mins	20 mins	4	160 kcal / 2 rolls	P: 4g | C: 26g
AIR FRYER TEMP	COOK TIME	PREP TIME	SERVINGS	CALORIES	KEY MACROS

🛒 Ingredients

- 8 Spring roll pastry sheets (thawed)
- 1.5 cups Shredded cabbage
- 1/2 cup Grated carrot
- 1/2 cup Thinly sliced capsicum
- 1/4 cup Spring onion greens, chopped
- 1 tbsp Ginger-garlic minced
- 1 tbsp Soy sauce & 1 tsp vinegar
- 1/2 tsp Black pepper powder
- 1 tbsp Cornstarch mixed with 2 tbsp water (sealing glue)
- 1 tbsp Sesame oil for brushing
- Salt to taste

🥢 **Dip & Pairing:** Sweet Chili Garlic Sauce and Hot Schezwan Dip.

👩‍🍳 Step-by-Step Air Frying Method

1. Heat 1 tsp oil in a wok; stir-fry ginger, garlic, and veggies on high flame for 2 minutes until cooked but still crunchy. Add soy sauce, vinegar, pepper, and salt. Cool completely (draining any moisture).
2. Lay a spring roll sheet diagonally. Place 2 tablespoons of vegetable filling near bottom corner.
3. Fold bottom corner over filling, fold left and right corners inward into an envelope, brush edges with cornstarch glue, and roll tightly into a cylinder.
4. Preheat air fryer to 190°C (375°F) for 3 minutes.
5. Brush each roll lightly with sesame oil on all sides.
6. Place rolls seam-side down in the basket without touching. Air fry at 190°C for 7 minutes.
7. Flip rolls over, mist with oil, and air fry for another 5–6 minutes until golden and flaky.
8. Cut diagonally and serve immediately.

💡 **Air Fryer Secret:** High flame sauté and completely cooling the filling avoids soggy wrappers. Seam-side down placement locks the roll shut in the cyclonic air stream.

190°C / 375°F	12 mins	15 mins	4	210 kcal	P: 11g | C: 16g

3. Preheat air fryer to 190°C (375°F) for 4 minutes.
4. Line the air fryer basket with perforated parchment paper and mist lightly with oil.
5. Dip stuffed paneer squares into the thick batter, letting excess drip off for 3 seconds, and place immediately onto the parchment paper in the basket.

7. Carefully peel the pakoras off the paper, flip over onto the wire basket, brush with a touch of oil, and air fry for another 5–6 minutes until golden and crisp.
8. Sprinkle with chaat masala and serve.

💡 **Air Fryer Secret:** Perforated parchment prevents wet batter from dripping through the basket wire grates during the first 6 minutes until the crust sets firmly.

3. Preheat air fryer to 180°C (360°F) for 3 minutes.

5. Mist momos with a fine spray of water (this creates steam to cook the dough through).

5. Preheat air fryer to 180°C (360°F) for 3 minutes.
6. Brush or spray the cold cheese balls with cooking oil.

8. Gently roll the balls over, mist with oil, and air fry for 4–5 minutes until deep golden brown and crunchy.

Air Fryer Onion Pakora (Kanda Bhaji)

Authentic Mumbai street-style craggy onion fritters, made without added water by drawing out the natural onion juices, air-fried to a crackling golden crisp.

180°C / 360°F	15 mins	15 mins	4	160 kcal	P: 5.5g | C: 22g
AIR FRYER TEMP	COOK TIME	PREP TIME	SERVINGS	CALORIES	KEY MACROS

🛒 Ingredients

- 3 large Red onions, thinly sliced lengthwise
- 3/4 cup Besan (gram flour)
- 2 tbsp Rice flour (for craggy crisp edges)
- 2 Green chilies, finely chopped
- 1 tsp Ajwain (carom seeds), rubbed between palms
- 1/2 tsp Turmeric powder & 1/2 tsp Kashmiri chili powder
- 2 tbsp Fresh coriander leaves, chopped
- 1 tbsp Warm oil (mixed into onions)
- Salt to taste

// **Dip & Pairing:** Salted Fried Green Chilies and Cutting Masala Chai.

🧑‍🍳 Step-by-Step Air Frying Method

1. Place sliced onions in a bowl; add salt and rub vigorously with fingers. Let rest 5 minutes until onions release moisture.
2. Add green chilies, ajwain, turmeric, chili powder, coriander, and 1 tbsp warm oil. Mix well.
3. Sprinkle besan and rice flour over onions gradually. Toss until a thick, sticky coating wraps each onion strand (do NOT add water!).
4. Preheat air fryer to 180°C (360°F) for 4 minutes.
5. Line the basket with a perforated parchment paper sheet and spray with oil.
6. Drop loose, craggy clusters of the onion mixture onto the parchment (avoid pressing into dense balls; loose strands crisp best).
7. Air fry at 180°C for 8 minutes.
8. Carefully turn pakoras over, spray a light mist of oil, and air fry for 6–7 more minutes until deep golden, craggy, and crisp.
9. Serve immediately with fried green chilies.

💡 **Air Fryer Secret:** Never add water! Relying purely on the natural moisture released by salted onions makes the pakoras light and crisp rather than heavy and doughy.

7. Flip carefully, spray lightly with oil, and air fry for another 5–6 minutes until the rava coating is golden and crisp.

1. Rub flour, rava, ajwain, kasuri methi, crushed pepper, salt, and ghee together with fingertips until mixture forms clumps when squeezed.
2. Add lukewarm water gradually and knead into a very stiff, tight dough. Rest for 15 minutes.
3. Pinch small portions of dough, roll into balls, and press flat between palms (1/4–inch thick). Prick each mathri 4–5 times with a fork on both sides.
4. Preheat air fryer to 170°C (340°F) for 4 minutes.
5. Brush mathris lightly with oil.
6. Arrange mathris in a single layer in the air fryer basket (do not overlap).
7. Air fry at 170°C for 8 minutes.
8. Turn mathris over and air fry for another 6–7 minutes until pale golden and cooked through.
9. Cool completely on a wire rack; mathris will become shatteringly crisp as they cool.

💡 **Air Fryer Secret:** Air fry at moderate heat (170°C) rather than high heat. This bakes the thick dough evenly to the center for that classic flaky, layered khasta texture.

Air Fryer Vegetable Nuggets

7. Flip gently with tongs, mist with oil, and air fry for another 5–6 minutes until golden brown and crackling.
8. Serve hot.

💡 **Air Fryer Secret:** Panko breadcrumbs are essential for that restaurant-grade crunchy crust in the air fryer because of their coarse, airy texture.

Air Fryer Roasted Masala Papad

Lentil papad roasted in minutes without open flame scorch, topped with a zesty salad of crunchy red onions, tomatoes, fresh cilantro, chaat masala, and lemon.

180°C / 360°F	3 mins	5 mins	2	65 kcal	P: 3g | C: 11g
AIR FRYER TEMP	COOK TIME	PREP TIME	SERVINGS	CALORIES	KEY MACROS

🛒 Ingredients

- 2 Lentil papads (urad dal / pepper papad)
- 1/3 cup Finely diced red onions
- 1/3 cup Finely diced tomatoes (deseeded)
- 1 Green chili, finely chopped
- 2 tbsp Fresh coriander, chopped
- 1/2 tsp Chaat masala & 1/4 tsp red chili powder
- 1 tbsp Lemon juice
- Salt to taste

// **Dip & Pairing:** Serve as a crunchy appetizer alongside any Indian meal or beverage.

👩‍🍳 Step-by-Step Air Frying Method

1. Preheat air fryer to 180°C (360°F) for 2 minutes.
2. Place a papad in the air fryer basket. Place a small lightweight heatproof wire rack or spoon on top of the papad (this prevents convection air from blowing the light papad into the heating element).
3. Air fry at 180°C for 2 to 2.5 minutes until puffed and evenly speckled white-gold.
4. Remove immediately and let cool on a plate (it crisps up within 30 seconds).
5. In a bowl, toss chopped onions, tomatoes, chili, coriander, chaat masala, salt, and lemon juice.
6. Spoon vegetable mixture evenly over the roasted papad just before serving.
7. Enjoy immediately while crunchy.

💡 **Air Fryer Secret:** Weigh down the papad with a lightweight metal rack or fork! The intense cyclonic fan in an air fryer will lift a bare papad straight into the upper coil if unweighted.

Air Fryer Aloo Bread Roll

7. Rotate rolls, brush lightly with oil, and air fry for another 5–6 minutes until deep golden brown and crunchy all over.
8. Serve hot with chutneys.

💡 **Air Fryer Secret:** Squeeze out all moisture from the bread so it absorbs the circulating hot air instantly instead of steaming from within.

Air Fryer Vegetable Manchurian Balls

Minced cabbage, carrots, and bell peppers bound with cornstarch, air-fried into golden crisp spheres, ready to enjoy dry or tossed in a luscious garlic-soy sauce.

180°C / 360°F	14 mins	20 mins	4	150 kcal	P: 3.8g | C: 24g

- Salt to taste

// **Dip & Pairing:** Spicy Schezwan Sauce or Garlic Chili Dip.

👩‍🍳 Step-by-Step Air Frying Method

2. In a bowl, combine squeezed veggies, capsicum, ginger, garlic, soy sauce, pepper, cornstarch, and flour. Mix into a tight, moldable dough.
3. Shape into 12 small round balls (approx. walnut size).
4. Preheat air fryer to 180°C (360°F) for 3 minutes.
5. Brush or spray the manchurian balls with oil.
6. Place balls in the air fryer basket leaving space between them.

8. Shake basket, lightly mist with oil, and air fry for another 5–6 minutes until deep golden brown and crunchy outside.
9. Toss in garlic-soy sauce or serve dry as finger food.

💡 **Air Fryer Secret:** Squeezing out vegetable moisture is vital. Wet veggies require too much flour to bind, which makes the balls rubbery instead of crisp.

4. Spread peanuts across the basket (cook in 2 batches if needed for single layer).

6. Shake basket vigorously to break up clusters, mist lightly with cooking spray, and air fry for 4–5 more minutes until the crust turns golden and fragrant.

💡 **Air Fryer Secret:** Roast at a lower heat (160°C) so the peanut cooks through to a crunchy roasted core at the exact moment the outer besan crust crisps up.

8. Flip spears over, mist with oil, and air fry for 5–6 minutes until deep golden brown and crunchy.

1. Combine coarse corn paste, whole corn kernels, sliced onions, chilies, ajwain, spices, salt, and warm oil in a bowl.

5. Drop rough spoonfuls of corn batter onto parchment.
6. Air fry at 185°C for 8 minutes.
7. Carefully turn pakoras over, spray a light mist of oil, and air fry for another 5–6 minutes until golden and crunchy.

8. Sprinkle with chaat masala and serve hot.

💡 **Air Fryer Secret:** Boiling kathal beforehand softens the tough plant fibers so that the air fryer's high heat can focus purely on crisping and caramelizing the marinade.

7. Flip slices over gently with tongs and air fry for another 7–8 minutes until edges curl up and slices feel dry to the touch.
8. Transfer immediately to a wire rack to cool; they crisp up substantially as moisture cools.

💡 **Air Fryer Secret:** Keep temperature strictly at 150°C (300°F). Apples contain natural fructose that will caramelize and burn black at standard frying temperatures.

Frequently Asked Questions

Q: Why does my food look pale or white instead of golden brown?
A: A feather-light mist of oil or ghee is essential for the Maillard reaction. If food is completely bone-dry with zero lipid mist, spices like turmeric and flour will look powdery. A quick 1–second spray or oil brush at minute 5 will instantly unlock rich golden blistering.

Q: Can I cook wet batter (like traditional liquid pakora batter) in an air fryer?
A: Liquid runny batter will drip down through the basket perforations before it cooks! For air fryer pakoras and fritters, keep the batter thick and sticky (binding onions and veggies with just enough gram flour/besan to coat), or place on perforated parchment paper for the first 5 minutes until set.

Q: How do I prevent smoke when cooking fatty marinades or paneer?
A: Smoke happens when fat drips onto the bottom drawer beneath the basket and burns. Pour 2 tablespoons of water or place a slice of bread at the bottom of the outer drawer to catch dripping oils and eliminate smoke instantly.

Q: How do I reheat leftover samosas, rolls, and cutlets?
A: Never use the microwave! Pop cold leftovers directly into a preheated air fryer at 180°C (360°F) for 3 to 4 minutes. They emerge as shatteringly crisp as when freshly made.

Q: Do I need to convert oven recipes to air fryer settings?
A: As a rule of thumb for any outside recipe: Reduce the temperature by 15°C to 20°C (25°F to 30°F) and reduce cook time by 20% to 25%, because the air fryer's compact convective cyclone cooks faster.

Master Quick Conversion Table

Conventional Oven to Air Fryer

Reduce temperature by 15°C to 20°C (25°F to 30°F) and reduce cook time by 20% to 25% due to compact cyclonic airflow.

Deep Fry to Air Fryer

Lightly brush or spray with oil at minute 5 or at the midpoint flip. Avoid runny wet batter; use thick cling batter or perforated parchment.

Happy Air Frying!

May every basket emerge golden, crisp, and filled with authentic flavor.
